St. Joseph's GAC

Club Development

Our Aims

1: To provide a safe and positive environment for young people to take up sport and help them live a well rounded healthy lifestyle

2: To provide the best facilities for the children, youth and adults of the whole Glenavy community

3: To maximise the amount of time that can be spent taking part in exercise and positive social activity and develop a strong sense of belonging

4: To advocate being part of the Glenavy community and to continue to progress the work that has been done by previous generations

Our Plan

All projects are funding dependent and will require extensive fundraising efforts, increased membership/sponsorship/advertising reverue as well as substantial grant support.

If you feel you can help in ANY way please contact club development officer on: dhoneyford@icloud.com
